from the academy to pop culture our society is in the throes of change rivaling the birth of modernity out of the decay of the middle ages we are now moving from the modern to the postmodern era but what is postmodernism how did it arise what characterizes the postmodern ethos what is the postmodern mind and how does it differ from the modern mind who are its leading advocates most important of all what challenges does this cultural shift present to the church which must proclaim the gospel to the emerging postmodern generation stanley grenz here charts the postmodern landscape he shows the threads that link art and architecture philosophy and fiction literary theory and television he shows how the postmodern phenomenon has actually been in the making for a century and then introduces readers to the gurus of the postmodern mind set what he offers here is truly an indispensable guide for understanding today's culture

from the academy to pop culture our society is in the throes of change rivaling the birth of modernity out of the decay of the middle ages we are now moving from the modern to the postmodern era but what is postmodernism how did it arise what characterizes the postmodern ethos who are its leading advocates most important of all what challenges does this cultural shift present to the church which must proclaim the gospel to the emerging postmodern generation stanley j grenz here charts the postmodern landscape he shows the threads that link art and architecture philosophy and fiction literary theory and television he shows how the postmodern phenomenon has actually been in the making for a century also introducing readers to the contemporary gurus of the postmodern mind set scholarly yet accessible to all this volume is an indispensable guide for understanding contemporary western culture

starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power it traces the historical and philosophical development of postmodernism the enlightenment project is deemed to have failed and christianity is perceived as an oppressive metanarrative in a world that is becoming increasingly sceptical and where preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns in a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task humility is presented as preferable to certitude and persuasion is redefined the author suggests using an inductive mode of communication as a means of engaging postmodern listeners he signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy

crystal l downing introduces students especially those in the arts to postmodernism where it came from and how christians can best understand critique and benefit from its insights

this is the story of the birth and growth of seattle s innovative mars hill church one of america s fastest growing churches located in one of america s toughest mission fields it s also the story of the growth of a pastor the mistakes he s made along the way and god s grace and work in spite of those mistakes mark driscoll s emerging missional church took a rocky road from its start in a hot upstairs youth room with gold shag carpet to its current weekly attendance of thousands with engaging humor humility and candor driscoll shares the failures frustrations and just plain messiness of trying to build a church that is faithful to the gospel of christ in a highly post christian culture in the telling he s not afraid to skewer some sacred cows of traditional contemporary and emerging churches each chapter discusses not only the hard lessons learned but also the principles and practices that worked and that can inform your church s ministry no matter its present size the book includes discussion questions and appendix resources after reading a book like this you can never go back to being an inwardly focused church without a mission even if you disagree with mark about some of the things he says you cannot help but be convicted to the inner core about what it means to have a heart for those who don t know jesus dan kimball author the emerging church will make you laugh cry and get mad school you shape you and mold you into the right kind of priorities to lead the church in today s messy world robert webber northern seminary

a call for a new understanding of apologetics moving away from appeals to tran cultural rationality arguing for a new form of cross cultural dialogue

does christianity have anything useful or credible to say to the twenty first century or is it just a relic of a past era doomed eventually to die a long and painful death perhaps to be replaced by the new atheism or another religion in an original contribution to such debates the revelation worldview is a bold attempt to construct a biblically based christian worldview that makes sense to postmodern people it also seeks to make the book of revelation one of the most strange and difficult books in the bible relevant to issues

facing people in the twenty first century jon k newton wrestles with the complex notion of worldview tells the story of the changing western worldview from its ancient and medieval beginnings through the modern era and into the unpredictable world of postmodernism and compares the worldview found in revelation with other worldviews of its day he then uses revelation as a source for identifying some basic christian answers to questions such as what is real how do we know anything how can religious knowledge claims be justified how can we understand the concept of the human person how can we make sense of history and how should we respond to pluralism

while growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a christian worldview than in the past in fact the majority of society does not even believe in objective truth a minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country to communicate god s word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners in preaching to a postmodern world johnston shows pastors seminary students professors lay teachers and church leaders can reach the present age without selling out to it the book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of god s truth the author s keen insights into contemporary pop and media culture also help equip speakers to address today s listeners with clarity and relevance

learn how to reach a new generation in a rapidly changing world with the unchanging gospel

addresses the fundamental questions of the role that liturgy will play in the catholic church in the 21st century entirely new perspective on liturgical form and practice in a new century sparkling list of contributors including cardinal daneels timothy radcliffe and the jesuit superior general hans kolvenbach essential reading for anyone concerned with liturgical reform from any christian tradition a collection of papers from a conference organised by keith pecklers s j on liturgy in the catholic church the future the book comes at a time when countless people feel that the reforms of vatican ii have been gradually edged out and when there is a kind of neo reaction against these reforms the book will consist of eight key papers topics include what role will the liturgy play as it confronts new sociological realities how is liturgy to assist necessary dialogue with the growing presence of islam in the world how do we welcome the divorced and the remarried and all those who remain on the fringes of our churches there is one anglican participant canon donald gray

builds on the work of brian McLaren robert webber and others in assessing the contemporary church scene to discover what postmodernity has to say to the church

we live in a culture which has broadly rejected the possibility of absolute belief in one overriding truth and yet we are surrounded by people who do believe who indeed are often intensely religious but believe in different things this fragmentation of culture is a

challenge to all major religions given that we have to live together and given that many of our starting points are the same even if our interpretations are different how do we cope with the practical day to day task of living and thriving in the same socio political environment this key postmodern dilemma is addressed in this valuable collection of essays by all international team of writers in a postmodern age can we believe at all if we accept that we are no longer unique where does that leave christian spirituality british south african and jewish writers explore ways in which the question of religion impacts on political life in britain south africa and israel

while acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience alister mcgrath believes that spirituality represents the interface between ideas and life between christian theology and human existence the book explores the centrality of mcgrath s theology in the development of his views on spirituality mcgrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation through detailed examination of mcgrath s previous work and the writing of other evangelicals the merging of theology and spirituality offers an overview of a unique thinker s contributions and a guide for future theological and spiritual exploration

western culture is undergoing a massive paradigm shift in the course of which our entire style of being will be radically transformed the changes now taking place are already highlighting areas of discontinuity and contradiction that we are impacting life not only in the west but all over the world individuals in western societies are dealing with the crisis in two equal yet opposite ways on the one hand many are choosing to immerse themselves in a selfish hedonistic lifestyle that apparently has no place at all for ultimate meanings at the same time however many others are trying to deal with the threatened disintegration of our culture by engaging in a self conscious search for spiritual answers that will form a secure basis for life in the third millennium in this fascinating examination of the future of the church in light of cultural change john drane takes as diverse issues as the death of princess diana environmentalism film and the new age movement to present ways in which the church should respond in order to be an effective and culturally relevant witness drane s arguments are inextricably bound up with this own spiritual pilgrimage as he has struggled to discover what it means for him to be a christian and this what he desires for his readers also that this book will be used to assist christians to live their own lives in a way that will honour christ and promote the gospel in today s post modern environment in the words of drane himself if it helps even one reader to engage creatively and christianly with the culture then the effort may be worthwhile from back cover

emphasizing the results of natural science physicist taner edis takes a fresh look at an age old question is there a god or a spiritual reality beyond nature

robert e webber has led worship workshops in every major city in the united states and canada through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals webber sees how this new generation and their style of

leadership is bringing change and renewal to the evangelical church these leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture the younger evangelicals explores the characteristics of these emerging leaders and provides an outlet for their stories beginning with a brief overview of twentieth century evangelicalism webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church he allows them ph d s and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation thought provoking energizing and timely the younger evangelicals is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context
