technology is changing the way we integrate work and family life today in an age in which information technology has brought the promise of autonomy and control by allowing asynchronous communications in which work systems have enabled people to work from various times and in various locations and in which work and non work boundaries have as a result been blurred the work and family interface needs to be reconsidered this collection is the result of a careful selection of articles presented at the sixth international conference for work and family organized by the

international center for work and family at iese business school spain it has a clear focus on technology managers globalization and gender and contributions analyse the state of affairs in africa the middle east asia europe and north america the chapters here offer innovative approaches to how technology globalization managers and gender issues are affecting the dynamics of work and family balance around the world as such the book will help practitioners and academics to make better decisions to stay up to date on current developments and to think critically about these fascinating and complex topics

the landscape of corporate management is evolving in an era of rapid technological advancements digital technologies like artificial intelligence ai big data analytics blockchain and the internet of things iot are transforming traditional management practices across sectors like marketing finance human resources and operations by providing a consolidated and updated body of knowledge on corporate management in the digital age businesses may progress their management practices incorporating more effective strategies it is critical to stay abreast of the latest trends and best practices in digital corporate management in an already competitive environment corporate management in the digital age delves into the various strategies tools and frameworks that businesses need to thrive and remain competitive it contributes to future directions in research fostering innovation and development of more effective management theories and practices covering topics such as instant logistics services territorial branding and access management this book is an excellent resource for industry practitioners business owners managers researchers academicians and more

more members of congress have been investigated and sanctioned for ethical misconduct in the past decade and a half than in the entire previous history of the institution but individual members are probably less corrupt than they once were stricter ethics codes and closer scrutiny by the press and public have imposed standards no previous representatives have had to face dennis thompson shows how the institution itself is posing new ethical challenges how the complexity of the environment in which members work creates new occasions for corruption and invites more calls for accountability instead of the individual corruption that has long been the center of attention thompson focuses on institutional corruption which refers to conduct that under certain conditions is an acceptable part of the job of a representative members are required to solicit campaign contributions and they are expected to help constituents with their problems with government but some ways of doing these jobs give rise to institutional corruption the author moves the discussion beyond bribery extortion and simple personal gain to delve into implicit understandings ambiguous favors and political advantage thompson examines many major ethics cases of recent years among them the case of david durenberger accused of supplementing his income through book promotions the case of the keating five accused of using undue influence with the federal home loan bank board on behalf of lincoln savings and loan owner charles keating and the case of house speaker james wright accused of several offenses thompson shows why neither the electoral process nor the judicial process is sufficient and argues for stronger ethics committees and the creation of a new quasi independent body to take over some of the enforcement process he offers more than a dozen

recommendations for changes in the procedures and practices of ethics in congress the book features a listing of ethics charges classified by type of corruption considered by congress from 1789 to 1992 selected by choice as an outstanding book of 1995

this book provides an up to date survey on the nature causes and patterns of family change the traditional nuclear family has been replaced by a multiplicity of other forms as widespread cohabitation high levels of divorce and union dissolution rising childlessness and far below replacement fertility have emerged to an extent never before seen theoretical perspectives on this second demographic transition are presented highlighting the dramatic changes in gender roles new methodological strategies for assessing family dynamics are presented from multistate models of marriage and divorce combined with fertility to improved techniques for combining census and survey data on the family to a new approach for disentangling age period and cohort effects while the volume emphasizes western nations insightful case studies range from analyzing family complexity in cohorts of parents and children in the uk to the impact of interpartner violence on family formation to the emergence of a gender war in south korea by providing new insights into where we are today and how we got here the book will be of value to all those interested in the contemporary family delayed fertility as a driver of fertility decline available open access under a creative commons attribution 4 0 international license via link springer.com

this book is focused on relational processes in supervision for counselling and psychotherapy the aim is first to introduce a relational theoretical stance then to apply that stance to the process of supervision and finally to offer practitioners immediately accessible resources for relational supervision within a relational perspective supervisor and supervisees are viewed as partners who co construct the supervisory process unlike other approaches to supervision where the emphasis is on specific techniques and strategies for supervision the relational orientation of this book invites supervisor and supervisee into different understandings of the supervisory interaction this orientation directs our attention to the importance of co creating the therapeutic relation alliance with special attention to the wellbeing of the the supervisee and the supervisor supervision from this perspective is focused on what participants are making together rather than on the individual abilities strengths and weaknesses of either the supervisor or the supervisee

the seventh edition of jacobs white and ovey the european convention on human rights is a clear and concise companion to this increasingly important and extensive area of the law the authors examine each of the convention rights in turn explore the pivotal cases in each area and examine the principles that underpin the court s decisions the focus on the european convention itself rather than its implementation in any one member state makes this book essential reading for all students looking for a concise yet authoritative overview of the work of the strasbourg court online resource centre the text is accompanied by an online resource centre that features updates on cases and legislation since publication as well as links to useful websites and further reading on the european convention

this new study provides a concise accessible introduction to occupied europe it gives a clear

overview of the history and historiography of resistance and collaboration it explores how these terms cannot be examined separately but are always entangled covering europe from east to west this book aims to explore the evolution of scholarly approaches to resistance and collaboration not limiting itself to any one area it looks at armed struggle daily life complicity and rescue the catholic church and official and public memory since the end of the war
